

# The Academy at Javea Golf Club

The Juniors Academy at Javea Golf Club follows a structured learning programme of golf for young people ages 6 and upwards, the Academy is endorsed by the Valencian golf Federation.

The multilayered programme progresses a complete novice golfer into a junior golfer ready for membership at a golf club.

The programme has 3 key levels: START, LEARN and PLAY.

The START level is all about fun and an elementary introduction to golf.

The LEARN level is a move towards technical instruction through games-based learning, always with the emphasis on fun.

The PLAY level teaches the child to apply their learning to the golf course, preparing them for potential club membership and competition.

However, access to the golf course and playing golf on a course are important features of the programme at JGC Academy from the START in order to develop a real connection to Golf.

The programme covers the following key areas of golf:
